

1Mii Y8 Headphones FAQ

Connect/Pair:

1.What devices are 1Mii Y8 headphones compatible with?

Compatible with any Bluetooth device such as mobile phones, tablets, laptops, etc.

2.How to connect to a mobile phone?

- 1)When 1Mii Y8 headphones is turned off, press and hold the power button for 5 seconds to enter the pairing state directly (the indicator light flashes red and blue);
- 2)Turn on the Bluetooth function of the mobile phone and find the model "Y8" to connect.

3.Why can't it turn on?

Recommended to charge for half an hour first. When the charging cable is connected, check whether the charging indicator light is always red to ensure that 1Mii Y8 headphones is charging. If the problem persists, please try to contact after-sales service.

4.How to confirm that 1Mii Y8 headphones have been successfully paired?

After pairing successfully, 1Mii Y8 headphones will have a voice prompt and the switch indicator light will stay on for 2 seconds and then flash every 5 seconds.

5.What should I do when 1Mii Y8 headphones cannot be paired?

- 1)Try restarting 1Mii Y8 headphones and the device, make sure the Bluetooth function is turned on and within the pairing range of 1 meter;
- 2)If necessary, reset 1Mii Y8 headphones (press and hold the "volume +" and "volume-" buttons for 5 seconds at the same time);
- 3)After resetting, 1Mii Y8 headphones will automatically enter the pairing state and the indicator light will flash red and blue;
- 4>Delete the original device name "Y8" in the device list, and search for device name "Y8" again to connect.

ANC:

1.How to turn on the ANC function?

When 1Mii Y8 headphones is turned on, click the ANC button to switch the ANC ON/Transparent Mode/ANC OFF. Press and hold the ANC button for 2 seconds to directly turn on or off the noise reduction function, Skip transparency mode.

2.What is Transparency Mode?

Transparency Mode allows external sound to enter the headphones, allowing you to hear the surrounding environment while enjoying music, and is suitable for use in outdoor scenes.

3.What is the noise reduction depth?

40dB.

4.How can I use the ANC function only without connecting any device?

When 1Mii Y8 headphones is turned on (press and hold the power button for 1 second, the red and blue lights flash), then press the ANC button to use it.

Call:

1.Does 1Mii Y8 support voice calls?

1Mii Y8 headphones have a built-in microphone and support voice calls. Just one tap to answer/reject/hang up the call.

2.How do I mute the microphone?

Press the ANC button 3 times quickly to turn the microphone mute on and off.

3.Why is the call volume so low?

- 1)Check whether the device is connected correctly;
- 2)Make sure the call audio and media audio are connected and turned on;
- 3)Try to adjust the volume using the volume button on the phone or 1Mii Y8 headphones;

LDAC:

1.What devices are LDAC compatible with?

LDAC is compatible with Android devices. Not compatible with IOS devices.

2.When using the LDAC function, please follow the steps below to set up your device for your listening experience:

After connecting to 1Mii Y8 headphones, please enter the Bluetooth function, find the connected Bluetooth device "Y8", then enter the settings interface, find LDAC playback quality/audio quality, finally select "Compatible audio and connection quality".

Charging:

1.When 1Mii Y8 headphones are not charging, the following troubleshooting tips may help:

- 1)USB charging cable may be defective, you can replace it;
- 2)Please dry the charging cable. Water may cause a short circuit and prevent charging;
- 3)Recommended to use a 5V, 1A adapter;
- 4)If the problem persists, please contact after-sales team.

2.How do I know when 1Mii Y8 headphones needs to be charged?

When 1Mii Y8 headphones is low on power, the LED light will flash red and emit a low-battery tone. If 1Mii Y8 headphones is connected to the phone and the battery level is less than 20%, it is recommended to charge it immediately.

3.Can I continue to use 1Mii Y8 headphones while charging?

No, but 1Mii Y8 headphones supports two hours of battery life with five minutes of charging.

4.How long does it take to fully charge 1Mii Y8 headphones?

It takes about 2 hours to charge to more than 90%. It is recommended to charge to 90% to avoid overcharging. It takes about 1 hour to fully charge until the charging indicator goes off.

Battery Life:

1.How long can 1Mii Y8 headphones be used in ANC OFF and Bluetooth mode?

In ANC OFF mode, you can enjoy up to 75 hours of music playback time.

Note: Test data at 60% volume in 1Mii Acoustic Laboratory
